Theology in Language, Rhetoric, and Beyond-Jack R. Lundboom 2014-08-18 This book seeks to place before a broad audience of students and general readers theological essays on both the Old and New Testaments. Theology is seen to derive from a number of sources: the biblical language, biblical rhetoric and composition, academic disciplines other than philosophy, and above all a careful sense of biblical text. The essay on Psalm 23 makes use of anthropology and human-development theory; the essay on Deuteronomic incorporations Wendtianism; the essay called “Where and How the Created Order” looks not only at God's eternal purpose also at the world's understandings of the idea of God and a return to chaos; the essay on the “Confessions of Jeremiah” examines, not worth this extraordinary prophecy was given to God by which, but what he himself held about baptism. The essays on the office to which he was called. Other essays argue that theology is rooted in biblical words--in and of themselves, and in context--and in rhetoric, where the latter matter also includes composition. An essay on “Biblical and Theological Themes” includes a translation into the African language of Limpopo.

The God Solution-Ian Scott 2013-07-12 Ian Scott was born in Mozelle, Birmingham, in 1946 and became a Christian in 1968, with his Gospel Hand After the Fall, performing in prisons, rundown pubs, clubs, church halls, carnivals, fests, festivals, handprapped homes and colleges all around the United Kingdom. A young Church Glory as the title song for the 1994 Cross Rytthums Festival in Dover, Ian, and the hand received a record distribution deal with Kindguy Music. He wrote the songs for two more albums, and the band continued its evangelistic work for eleven years. Ian has studied Bible Prophecy for thirty years and is now a full-time Christian worker as a team member, for which he had songs and albums published during this period. After the Fall, the band, played their last show in 1997 at stage at Dudley Castle, Birmingham, live on Sky TV. Ian Scott is a layman, representing every man and bringing a refreshing perspective to apologistic, with a dash of humour. He has a desire to reach people who know nothing about the Bible or what it contains. This book is a direct appeal to atheist and The God Delusion by Richard Dawkins. Atheism is growing and making much noise and needs a Christian answer. The author brings everything together in one place with amazing clarity and starting revelation the evidence for God, the weakness of the argument for atheism and evolution, secret societies, Bible prophecy and the deception, manipulation and corruption of the shadow government and leading players of this world. The world needs information that is intelligible to the man in the street, who even hears one side of the argument. The God Solution contains that information.

Designing a World-Class Architecture Firm
Patrick MacLeamy 2020-04-14 Offers architects and creative services professionals exclusive insights and strategies for success from the former CEO of HOK. Designing a World-Class Architecture Firm: The People, Stories and Strategies Behind HOK tells the history of one of the largest design firms in the world and draws lessons from it that can help other architects, interior designers, urban planners and creative services professionals grow bigger or better. Former HOK CEO Patrick MacLeamy shares the revolutionary strategies HOK’s founders deployed to create a lean-and-mean type of architecture firm. He pulls no punches, revealing the triple crisis that almost bankrupted HOK and describes how any firm can survive and thrive. Designing a World-Class Architecture Firm tells the inside story of many of HOK’s most iconic buildings, including the National Air and Space Museum, Moscone Convention Center, Oriole Park at Camden Yards, the Houston Galleria and the renovated LaGuardia Airport. Each chapter conveys lessons learned from HOK’s successes—and failures—including: The importance of diversity to depression-and-recession-proof your firm The benefit of organizing your firm around specialized leaders and project types The difference between leading and managing your people The value of simple financial metrics to assure your firm’s health and profitability The "run toward trouble" strategy which prevents problems from ballooning MacLeamy delivers his advice via inspirational stories such as how HOK survived when its home office in St. Louis went up in flames and humorous stories, like the time an HOK executive was mistaken for royalty on a trip to Saudi Arabia. In this tell-all guide, the driven architecture or design professional will find the tools needed to evolve or grow any firm.

When God Calls
John A. Cozum 2016-01-06 The Old Testament prophet Jeremiah was called by God in his young life to a daunting and pivotal task. Nevertheless, God prepared him for ministry in the first nineteen verses of his book. In this forty-day journey, author John A. Cozum dissects Jeremiah chapter by verse to reveal what the calling of God really is and is not. Many dash into ministry hastily and end up disillusioned and disappointed because of expectations God never promised and sacrifices they were never ready to make. This book is a practical guide for anyone who’s sensing God calling them to serve and what they should know before they answer.
